What's Next?

As promised, here is the second installment of our newsletter keeping you updated on our re-building project.

Pictured next to the collapsed building is an architectural concept of our new building. What was once called "our gym" will now be called "our multi-purpose" facility.

The Second Reformed Church re-building team has been hard at work. We have visited various facilities in the area and have incorporated what we considered "best-for-us and our community" from each one.

The plan calls for a facility 20 feet longer than the old building so that a permanent stage can be included. The building will include a sound, projection and light system. The floor will have a commercial grade carpet lined with a basketball and a volleyball court. And these are only a few of the highlights.

The consistory has approved the concept of these plans, with a congregation vote to come in the near future. We are excited to begin to share ministry and community opportunities in the new facility.

The Town of Marion code enforcement officer has been consulted and we are in the permitting stages at this time. When permits are ready our contractor, Secor Building Solutions, is ready to begin. If God wills, we hope to start construction late this Fall or early Winter.

There is great power in prayer and we ask that you continue to pray for all areas of this restoration project:

- Unity of believers
- Town of Marion Building Dept./Zoning board
- Safety for workers
- Community support

In His Word, our God has commanded us to, "Call unto Me and I will answer you and show you great and mighty things which you do not know." Jeremiah 33:3.

The SRC Re-building Committee.
