Last month, we were blessed to have an energetic group from Faith Reformed Church in Rock Valley help us. In two days they finished the roof repair project on the Annville Trade Store, finished resurfacing the clock tower on Lincoln Hall, did repairs on an area home and moved the equipment into the new community fitness center.

Praise and Prayer Requests

1. We received some packages of toys for children in our community. However, one box thru Amazon came without the name of the donor. To all of our donors we say thank you!
2. Due to Covid related issues the mail in Kentucky is being delayed. Mailings that used to take a couple of days are now taking a couple of weeks to arrive. If you sent letters to us or are expecting a letter from us, we apologize for the delay and ask for your understanding...
3. Registrations for a "modified" youth basketball program have been distributed. The term modified is being used, because of the changing health guidelines. Area schools will not have in person classes until Jan. 11. Prayers for wisdom and patience are appreciated.
4. Reservations for volunteer groups in 2021. We are hoping that Covid related concerns will decrease and that a new-normal can be established for these groups and for our other programs.

Christmas Greetings. Over 150 area residents showed up for a Christmas tree lighting on campus, singing of carols, reading of the Christmas Story and enjoying some hot chocolate.
