**We can make our own plans,
 but the LORD gives the right answer. Prov. 16:1 (NLT)**

There are times when we are disappointed to see that our plans have to change. Sometimes, we are blessed to see how God blesses us through the changes. Larry, who lives in Jackson County, had his home destroyed by a tree falling on it. Everything seemed lost. Our staff was aided by a youth group from Sully, IA and cleaned up the house site and started to reconstruct his dwelling. A lot was accomplished but the work had to stop because of rain. Other groups this summer will continue the work. Larry is thrilled and thankful for all the kindness that is being showered on him by these volunteers.

The rain changed the plans for the youth group. They kept busy by helping at the trade stores, painting in the gym and putting mats down for the equipment in the new fitness center. Their work was a big blessing to us. Rain forced our batting camp to be moved inside. Pictured below is Jason, our youth activities director, leading the group in devotions and giving batting instruction to a camper.

Our box truck and forklift that were donated to us over 20 years ago have reached the stage that repair costs are more than the equipment is worth. If you or your church group is looking for a special project to help procure some good used equipment to help us in our trade store outreach, please contact us.

As stated last month, we are in the process of creating a new web page. It is still a work in progress, but we are excited to start using it. You can view it at www.gcmannvilleinstitute.com Thank you for your prayers and your continued partnership with us.
