Skyrocketing construction costs have put the Lincoln Hall Rehab project on hold. Praying for wisdom on how to proceed. *"Rejoice in our confident hope. Be patient in trouble, and keep on praying."* Romans 12:12 (NLT)

We are hoping to see more volunteer groups in 2021. For more information contact our office and ask for Tommy.

Fall 2021

Covid Impacts

The box truck (which was used when we received it over 20 years ago) is not worth repairing. At the present time, the truck can not get into high gear. On the bright side, the staff states they do not worry about getting a speeding ticket and it makes it easier on the brakes. Trinity Reformed Church in Pella, Iowa has presented us with a lead gift to replace the truck. With this gift along with gifts from our staff we are now at 20% towards our \$15,000.00 goal to replace the truck. If you or your church want to help with this replacement project, or if you have a truck to donate, please contact our office.

Two years ago the word "Covid" was not in our vocabulary. Now it's a common word. The virus continues to be a confusing obstacle to overcome. Area hospitals are being stressed with the number of virus patients. Several volunteer groups had to cancel their trips to Kentucky. We are thankful that our summer camp activities were able to be held. Most of the camps had maximum participants. We are reminded in Proverbs 19:21 *"You can make many plans, but the LORD's purpose will prevail."* (NLT)

Thank you for your
prayer support!!!!

The rehabilitation of Hacker Gym is now in its fifth phase. The old restrooms (under the stage) have been remodeled into a community physical fitness center. The center has limited use at this time because of Covid concerns. Recently the First Reformed Church of Pompton Plains, NJ took up a collection to pay for mats around the equipment. God is Good... All the Time!!

Art Camp was very popular this summer. In addition to painting, the campers also made bird houses.

The work of volunteers is greatly appreciated. They help to improve the living conditions for area residents and also help to repair and improve our facilities. Please contact us if you are interested in joining us.

**Batting Camp
was a big HIT!!!**
