**Working Together and Making an Impact!**  
**“Impacting a broken world with the love of Christ”**

Over the years, we have been blessed with many volunteers who have made an impact on our community. We have witnessed an abundance of those blessings in the past two weeks. Volunteers from Justice for All (Rock Valley, IA), Central College and Lake View Camp (both from Pella, IA) have labored and made improvements on our historic campus. They, along with the Reuters from Forreston, IL have partnered with us over the years with donations to our thrift stores.

The support we receive from volunteers and the financial and prayer support we receive from you allow us to provide activities to families in our community, that they would otherwise have to travel many miles to participate in. Your support also allows us to offer these activities at prices families can afford.

The pictures show the groups working on the projects and unloading trailers at the thrift stores. The college students conducted a fun night for area students. The thank you note is an example of the many we have received since the opening of the fitness center. Thank you for helping to make these activities possible.
